

BC Token White Paper

Abstract:

BC Token is a digital asset designed to provide innovative solutions for the decentralized economy. With a total token supply of **10 million**, **BC Token aims to serve as a versatile utility token within the Core Blockchain ecosystem**, offering benefits such as liquidity provision, growth incentives, rewards for NFT holders, and community engagement initiatives.

Introduction:

BC Token introduces a novel approach to digital asset management, leveraging Core Blockchain technology to enable secure, transparent, and efficient transactions. By allocating resources to liquidity provision, growth initiatives, community rewards, and reserve funds, BC Token aims to foster the development and adoption of decentralized finance (DeFi) and non-fungible tokens (NFTs) within the Core Blockchain ecosystem.

Tokenomics:

1. **Total Supply:** BC Token has a fixed total supply of **10 million tokens**, ensuring scarcity and value preservation over time.
2. **Token Type:** BC Token is a native token built on the Core Blockchain, offering compatibility with the **Core Blockchain** protocol and ecosystem.
3. BC Token provides rewards and incentives to NFT holders within the Core Blockchain ecosystem, fostering engagement and loyalty among participants.

4. **NFT Representation:** BC Token can represent ownership of NFTs, enabling seamless integration with NFT marketplaces and decentralized applications within the Core Blockchain ecosystem.

5. **Presale Allocation:** 10% of the total token supply is allocated for the presale, which is used to add liquidity and facilitate buyback and burn mechanisms to enhance token value and stability.

6. **Liquidity Provision:** 30% of the total token supply is allocated to liquidity provision, ensuring sufficient liquidity for trading and ecosystem development within the Core Blockchain ecosystem.

7. **Growth Initiatives:**

- 10% of the total token supply is allocated for growth initiatives within the Core Blockchain ecosystem, including system development and the potential creation of a decentralized **exchange (DEX) or NFT marketplace.**

- 5% for system development.
- 5% for future platform enhancements, such as DEX or NFT marketplace development.

8. **Community Engagement:**

- 15% of the total token supply is allocated for community engagement initiatives within the Core Blockchain ecosystem, including **airdrops, token staking, and NFT staking rewards.**

- 5% for token staking rewards.
- 5% for community airdrops.
- 5% for NFT staking rewards.

9. **Reserve Funds:** 15% of the total token supply is reserved for future use within the Core Blockchain ecosystem, providing

financial stability and flexibility for ecosystem development and expansion.

10. **Collaboration:** 15% of the total token supply is allocated for collaboration efforts with strategic partners within the Core Blockchain ecosystem, fostering alliances and partnerships within the blockchain industry.

11. **Taxes:**

- 5% transaction tax is imposed on both buy and sell transactions within the Core Blockchain ecosystem, with 2.5% allocated for sale taxes and 2.5% for buy taxes.

12. **Additional Use Cases:** BC Token can be utilized for various purposes within the Core Blockchain ecosystem, including governance participation, voting, fee payments, and access to platform features and services.

Conclusion:

BC Token, with its unique tokenomics model and focus on liquidity provision, growth initiatives, community engagement, and collaboration, is poised to become a key player in the decentralized economy within the Core Blockchain ecosystem. By leveraging the power of Core Blockchain technology and incentivizing participation, BC Token aims to drive innovation, foster adoption, and create value for users and stakeholders within the Core Blockchain ecosystem.

Disclaimer:

This white paper serves as a guide for understanding the features and functionalities of BC Token within the Core Blockchain ecosystem and does not constitute financial advice or an offer to invest. Users should conduct their own research and consult with financial professionals before engaging in any investment activities.
